ACTIVE MENTORS

In our time with the Tampa Bay Wave we have been thoroughly impressed with the amount of value provided to both our founders as well as our company as a whole. We absorbed more, met more valuable contacts, and got stronger support than we anticipated, even given the stellar feedback we heard prior to entering the program. The unique format and programming of the accelerator has positively impacted Tempest Droneworx and we are excited to be part of the amazing community of founders, mentors, advisors, and investors that makes up the Tampa Bay Wave.
